EXPERT POWER

About Company

Expert Power Company, Saudi Arabia is a trusted leader in delivering cutting-edge industrial solutions. We specialize in providing high-quality industrial products designed to meet rigorous standards in demanding applications. Our expertise and commitment to quality ensure that every solution enhances performance, safety, and efficiency in modern engineering environments for our valued clients.

With a customer-centric approach, we continually invest in research and development to innovate and improve our product offerings. Our extensive portfolio spans valves, couplings, fittings, and signage, ensuring comprehensive solutions for complex projects. Trust Expert Power to be your reliable partner in advancing industrial excellence worldwide.

APOLLO VALVES

Standard & Speciality Valves

Apollo Valves manufactures premium ball, butterfly, and safety relief valves for residential, commercial, and industrial applications. Their products ensure reliable flow control solutions and superior performance.

Ball Valves

Butterfly Valves

Pressure Relief Valves

Gate Valves

Check Valves

Globe Valves

Mixing Valves

Backflow Prevention Valves

Strainers

BONNEY FORGE

Cast & Forge Steel Valves

Bonney Forge supplies high-quality forged and cast steel products including valves, fittings, unions, and specialty items, engineered to exacting standards with comprehensive quality assurance and technical support systems globally.

Cast Steel Check Valves

Cast Steel Globe Valves

Cast Steel Gate Valves

Forged Trunnion Ball Valve

Integral Flanged Valves

Extended Body Gate Valve

Forged Steel Cryogenic Valve

Forged Unions

Forged Cross

PEGLER

Integrated Piping Valves

Pegler offers integrated piping valves designed for seamless system integration, efficient flow control, and enduring reliability. Experience simplicity and innovation with Pegler's dependable valve solutions.

Gate Valves

Ball Valves

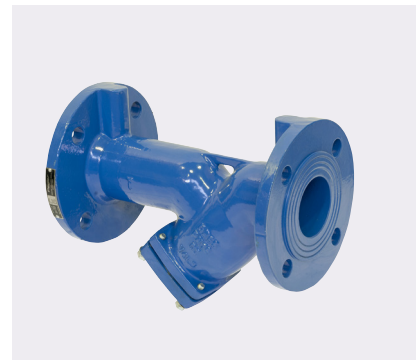

Pressure Reducing Valves

Check Valves

Butterfly Valve

Y-Strainer

Globe Valves

Spring Check Valve

Bronze Float Valve

OLIVER VALVES

Pipeline & Subsea Valves

olivervalves

Oliver Valves specialize in instruments, pipeline and subsea applications, providing high-integrity, corrosion-resistant valve solutions engineered to withstand harsh environments while ensuring secure, efficient fluid control operations.

Needle Valve Manifold

Gauge Valve

Diversion Valves

Trunnion Ball Valve

Compact Ball Valve

Floating Ball Valve

Subsea Gate Valve

Subsea Needle Valve

Subsea Check Valve

Mifab

Plumbing & Drainage Products

Mifab supplies plumbing and drainage products designed for efficiency, durability, and ease of installation. Mifab's reliable solutions ensure seamless water management and robust drainage performance.

Oil Interceptor

Grease Interceptor

Sand Interceptor

Trap Seal Primer

Electronic Trap Seal Primer

Water Hammer Arrestor

Backflow Preventer

Floor Drain

Trench Drains

SCHWER

Couplings, Connectors & Fittings

schwer
fittings

Schwer manufactures high-quality couplings, connectors, and fittings engineered for secure, leak-free connections. Their products deliver robust performance and reliability, ensuring optimal functionality in critical applications.

Threaded Fittings

Compression Fittings

Orbital Weld Fittings

Cone Sealing Couplings

Push-In/On Connectors

Butt Weld Fittings

Hoses

Hose Fittings

Flanges

FIRE FIGHTING PRODUCTS

Fire Valves & Accessories

Expert Power supplies fire valves and accessories engineered for dependable fire protection and safety. Their products deliver response, durability, and compliance with stringent fire safety standards.

Butterfly Valves

OS&Y Gate Valves

Swing Check Valves

NRS Non-rising Valve

Pressure Reducing Valves

Pressure Relief Valves

Firefighting Connection Valve

Standard Response Sprinkler

Fire Pump Waste Cone

3M

MEP Tags & Signs

3M provides MEP tags and signs designed for clear communication and efficient identification in industrial environments. Rely on 3M's innovative solutions for enhanced project organization.
